

Mr Martin

Dear all,

I am your son/daughter's Director of Studies (DoS). A Director of Studies' job is to look after and overview the whole year group, similar to a Head of Year. I will work closely with the Senior Academic Mentor (SAM), Miss Fuwa, and all of the form tutors to ensure that the year group is safe and is working hard. I have enjoyed being a DoS for just under 3 years and I am excited to meet our new students in September! I also teach History (and PE this year) and enjoy being involved in other parts of school life, such as supporting school trips and coaching a school football team. I look forward to meeting you in person in the future.

Best wishes,

Mr Martin

Miss Fuwa

Hello, I'm Miss Fuwa and the Year 7 Senior Academic Mentor (SAM). In my role, some of the things I do is making sure that students are on time to school and supporting your son/daughter in making and reaching your targets over the course of the year. Like Mr Martin, I am also a History teacher and love teaching about African civilisations (which your children will get to learn in Year 8), which also happens to be one of my favourite parts of History. I am looking forward to meeting you soon.

Miss Fuwa
