

Schedule for on-site testing - 1st test - Monday 8th to Wednesday 10th March

Please read these and follow these instructions carefully - this will minimise queuing times and, most importantly, risk of transmission of Coronavirus.

- Students will arrive as near as possible to the time assigned to their form. Please do not come onto the school site more than 5 minutes before that time.
- Students will enter the school at the 'bottom' gate (nearest to Danson Park), the gate to the car park by the tennis courts.
- They will walk around the outside of the sports hall and the music rooms to enter the gym (test site) by the entrance to PE between the hall and sports hall.
- Students will queue, partly outside, socially distanced, using the markers provided - wear a coat - it may be cold!
- When asked to enter the test site, they will give their name, collect a barcode and a swab and will be guided by a testing assistant to a booth to self-swab.
- When finished, they will hand their swab to the testing assistant and leave the gym, following the one-way system, out of the back door and will then leave the school immediately via the canteen deliveries gate.
- The testing process takes only a couple of minutes but there will obviously be some queuing time involved. It is hoped that no one will have to wait for much more than 20 minutes, **if everyone keeps to time**.
- You will receive more information about the registration process nearer the time but you will be informed of the test result by email/text from the NHS directly. The school will only contact you if the test is positive for Covid-19.

Please find the relevant form group on the relevant day below to determine the time for your arrival.
