False positive result

Dear Parent/Carer,

Following my letter this morning, the confirmatory PCR test for the student (which the parents kindly arranged immediately after the positive LFD test result last night) came back as negative by lunch time today.

The parents of the small number of students who were identified as close contacts with the student have been informed that their children may return to school. We are delighted that students have therefore experienced minimal disruption.

I encourage you to continue to supervise your child with their twice-weekly LFD testing to ensure that we keep the school free of Covid-19, especially in light of new variants.

Thank you for your continued support.

Yours sincerely,

Steve Elphick
Headteacher
