21 April 2023

Dear Parents/ Carers,

I am writing shortly after attending a wonderful Leavers' Assembly, planned and presented by our Year 13 students. It was as I imagined it would be from this cohort - fun, poignant, emotionally intelligent and conducted in a lovely atmosphere.

I spoke to the students this morning about the special relationships between staff and students which make Bexley Grammar School a wonderful place to work and, I hope, to learn at. This morning's assembly completely embodied that. I reminded the students that they will always be part of the BGS family and I look forward to hearing about their many successes in the future.

For now, though, we will continue to support the students with their exams and apprenticeships, employment opportunities or UCAS offers as they embark on this special and exciting new chapter in their lives.

Yours sincerely,

H J Gilmore  
Headteacher
